INTRODUCING THE:

Goats Window Buffalo Stud

Elite Genetics | Proven Lineage | Uncompromising Quality

Goats Window is proud to unveil the next chapter in our pursuit of excellence: The launch of our Buffalo Stud, a curated collection of Southern Africa's most genetically advanced and commercially valuable Buffalo.

Every animal in this stud has been hand-selected not only for exceptional Rowland Ward (RW) and SCI but for their ability to produce future revenue-generating genetics. Our cows are paired with industry-defining sires to ensure that every calf born is a step forward in strength, structure and market value. With a focus on investment-grade breeding, legacy bloodlines and meticulous selection for horn growth, maternal ability and conformation. Our herd reflects the highest standard in commercial Buffalo breeding.

This isn't just a stud, it's a statement. A legacy asset for the serious investor, visionary breeder and ethical wildlife custodian.
